Thanks for getting back to me David. Glad to hear that you will be part of any Information Meeting.

Happy Thanksgiving!

Becky

Hi Rebecca, I wanted to acknowledge your message. Yes, we have offered to set up a conference call with Earthworks to answer questions about EPA's proposed UIC permit for the Gunnison project. I intend to participate if such a call occurs.

In addition, It is my understanding that Carla Consoli has contacted EPA on behalf of Excelsior and requested a call. Our lead attorney on this matter, Rich Campbell, is in communication with Carla about this request. If a call is set up with Excelsior, I expect to attend that as well.

If there is a need to discuss this further, please give me a call Monday as I will be out of the office the rest of this week.

I hope you both enjoy the holiday.
David

David;

Excelsior Mining understands that in response to Earthworks' request for a public meeting in Cochise County, Ms. Johnson offered to organize an informational meeting. We also understand that Excelsior may not be invited to that informational meeting. We request that you be present at any meeting offered to Earthworks so that we can be assured that a robust and accurate perspective on (1) the protectiveness of the APP and the UIC and (2) the technical issues will be presented during such informational meeting.

Please contact me at your earliest convenience to discuss this request.

Thank you,

Rebecca A. Sawyer
